RESOLUTIONS

1. The First Non-Brahmin Conference of Mysore State most respectfully conveys its profound loyalty and deep devotion to His Highness the Maharaja of Mysore and expresses its gratitude for His Highness's constant watchfulness and care of the interests of His Highness's subjects.

2. (a) The political goal of the Conference is the attainment of responsible government for the people of Mysore under the aegis of His Highness the Maharaja of Mysore by all peaceful, legitimate and constitutional means and in gradual and progressive stages after providing all adequate safeguards for the interests of the minority communities.

(b) This Conference is of opinion that a permanent political organisation should be established for the Non-Brahmins of the Mysore State to which all Non-Brahmins above the age of 21 years, who are not students and who accept the objects of the association, shall be entitled to become members under such conditions as may be laid down from time to time by the authorities competant to do so.

(c) This Conference resolves to constitute itself into the nucleus of a revived Prajamitra Mandali and in adopting the rules and regulations of that Association further resolves to amend the third rule so as to restrict the membership to Non-Brahmins only provided they are not students.

(d) This Conference exhorts the members of the Conference to organise branches of the Mandali in all districts, taluks and important towns and to organise such conferences regularly every year.

AR

(e) This Conference resolves to request the President of the Conference to be the President of the reorganised Prajamitra Mandali till the next Conference and requests Rao Sahib H. Chennaya to be the Chairman and convener and to convene a meeting of the Mandali on Sunday the 13th Octr. for the election of office-bearers.

3. This Conference expresses its deep resentment at the attempts of a few persons to carry on a systematic campaign against the best interests and the fair name of the State by misrepresenting the activities of the Government and of the people and warns the people and the press outside Mysore against such ill-conceived agitation which is engineered for improper purposes and with ulterior motives.

4. (a) This Conference expresses its regret and deep disappointment at the fact that the recommendations of the Miller Committee Report, which were accepted by Government, have not been given proper effect to and expresses its firm conviction that till the public services are reorganised so as to remove the existing monopolies and to give proper and adequate representation to all communities, the social and political progress of the people of the State will be neither adequate nor continuous

C.R.B

(b) In particular this Conference is emphatically of opinion that the Judicial Service should not be exclusively or even preponderatingly constituted by members of a single community, as in spite of the integrity of the judiciary such a state of affairs results in natural and undue apprehension amongst the public that justice may not be meted out in certain eventualities and regrets that there is not a single non-Brahmin judge in the Highest tribunal of the State.

C.R.B and Protn.

AR

(c) This Conference also regrets to note that the Educational Service is mostly constituted of members of one class to the detriment of the education of the non-Brahmin students and to the hindering of the progress of elementary and secondary education.

C.R.B
L.Dev.Br.

(d) This Conference demands of the Government and sends its humble prayer to His Highness the Maharaja that they may be pleased to order that stringent steps be taken to prevent monopolies in the Public services, particularly in the Judiciary, the Engineering, The Police and the Educational services, to bring about a more adequate representation of the different communities in the service and to adopt with necessary modification suited to the population proportions of this State the principles adopted in the Madras Presidency in initial recruitment to all the services, gazetted and non-gazetted, and in appointments to special selection/higher grades, such appointments being considered as initial recruitment for the purpose of the application of this principle.

C.R.B.

5. This Conference is of opinion that in the best interests of higher education and in order to ensure justice to all classes of students in the Mysore University Regulation should be so amended as to bring about a proper representation of all communities on all the University Governing Bodies.

Dev.

6. This Conference expresses its extreme regret at the conflicts between communities that have resulted in some places in the State during the past two years and exhorts leaders of the various communities to do all in their power to bring about harmony and prevent the recurrence of such conflicts in future.

AR

7. This Conference earnestly requests the Government to consider the advisability of withdrawing the prosecutions and removing the levy of the punitive tax on the people of Davanagere as soon as the Government receives assurances from public leaders of the place that there will be no danger to peace in the locality.

Law Secy.

President.
